

What you need to know...

Understanding how to choose a quality heart surgery program

If you or a loved one are facing the serious choices associated with comprehensive cardiac care, it's important to understand the facts. Learn how to be an informed health care consumer when comparing cardiac services available locally.

This is the important news Partners at Heart is sharing throughout the region. Now, your organization can take advantage of this educational information through presentations prepared and provided by Partners at Heart professionals. Dorothy Latham, RN, Partners at Heart Cardiac Surgery Nurse Manager; Vernon Dencklau, DO, Partners at Heart Thoracic & Cardio-Vascular Surgeon; Bruce Washington, MD, Partners at Heart Cardio-Thoracic Surgeon can offer informative talks at your scheduled meeting or event. This 10 minute presentation provides an overview of how to compare medical services for heart disease as well as the latest Partners at Heart clinical statistics regarding cardiac surgery in your area.

Partners at Heart is important because of its educational services, high-quality cardiac care, and for bringing advancements in standardized medical care and treatment to the region.

If your organization would like to schedule one of the outstanding Partners at Heart speakers, please call Partners at Heart at **1-800-326-1811**, and request to be transferred to the scheduling coordinator.
